

# IUFRO Learning Initiatives – Learning Initiatives from the student point of view

Patryk Waraksa, Zofia Litwin, Szymon Bijak, Piotr Paschalis-Jakubowicz, Krzysztof Stereńczak

## Expectations

Participants expectations are various:

- acquire practical and useful knowledge
- meet new people and their culture
- travel and sightseeing opportunity
- take advantage of leisure time and relax

## Summer schools

By far two summer schools took place:

- 1st IUFRO Task Force Education in Forest Science Learning Initiative „Precision Forestry”, August 5-15, 2012, Warsaw, Poland

- 2nd IUFRO Task Force Education in Forest Science Learning Initiative „Forests in Climate Change”, September 2-11, 2013, Artvin, Turkey

## Opportunity to have a student and organizer perspective

Perspective of

- organizer
- student

Summer school „Forests in Climate Change”,  
September 2-11, 2013, Artvin, Turkey

## Last day - graduation

SILVA Network Annual Conference, Istanbul, 1-3 November 2013

## Overall assessment from the student point of view

- Interesting lectures about very important topics
- Lecturers from all around the world
- Possibility of getting to know new people, cultures and new places
- Development of international friendly bonds and cooperations
- Great combination of education and entertainment

**Looking forward to next edition of IUFRO summer school!**

**Thank you for your attention 😊**
